was a form of agency, memory keeping, and historical making, Likaka redefines how and by whom history and memory are recorded and reconstructed.

### **Naming Colonialism: History and Collective Memory in the ...**

As Osumaka Likaka argues in this illuminating study, the names that Congolese villagers gave to European colonizers reveal much about how Africans experienced and reacted to colonialism. The arrival of explorers, missionaries, administrators, and company agents allowed Africans to observe Westerners physical appearances, behavior, and cultural practices at What's in a name?

### **Naming Colonialism: History and Collective Memory in the ...**

Osumaka Likaka, a Congolese professor at Wayne State University in Detroit, explores that whole world of naming, its meaning, and sometimes its implications, during the colonial period of the Belgian Congo. The appendix lists appoximately 270 local Congolese names (the nicknames), their translation, location, and the real name of the person.

attempts to do something that many researchers of African history have thought about, but none previously have managed. He uses the local names bestowed on white occupiers as an entry point into African worldviews and experiences of colonization. All Africanist historians are familiar with the lists that white administrators compiled of the vernacular names bestowed on them and their predecessors.
