The final pages of Cities of Others suggest directions for such redefinitions and expansions by taking up the study of Yamashita's latest novel — I Hotel (2010) — as well as of The Gangster We Are All Looking For (2004) by lê thi diem thúy. Both novels are seen as embedding in the American landscape and cityscape "visions and voices of those who refuse to be [...] made invisible" (298), reinforcing the critic's conviction that both imaginative and critical engagements have to ...

Reimagining urban environments post-pandemic. As COVID-19's effects on the world's pandemic-battered cities are becoming clearer, so are the possible responses of architects and urban planners. In the spring, COVID-19 upended cities around the world, turning them into virtual ghost towns. In New York City, social distancing and quarantining became rules to live by, as public health experts have urged nationwide.
