### How The Other Half Lives

How the Other Half Lives: Studies among the Tenements of New York is an early publication of photojournalism by Jacob Riis, documenting squalid living conditions in New York City slums in the 1880s. The photographs served as a basis for future "muckraking" journalism by exposing the slums to New York City's upper and middle classes. They inspired many reforms of working-class housing, both immediately after publication as well as making a lasting impact in today's society.

How the Other Half Lives Summary. Next. Epigraph/Preface. Jacob Riis launches into his book, which he envisions as a document that both explains the state of lower-class housing in New York today and proposes various steps toward solutions, with a quotation about how the "other half lives" that underlines New York's vast gulf between rich and poor. Indeed, he directs his work explicitly toward readers who have never been in a tenement and who know little about the living conditions ...

Riis quotes a French Renaissance writer Rabelais who once said that one half of the world doesn't know how the other half lives. Riis adds that this is because the top half has never cared about those below it, until recently—when the discomfort and despair of the most vulnerable have finally made the privileged wonder about them.

### **How the Other Half Lives Quotes by Jacob A. Riis**

In *How the Other Half Lives*, New Yorkers read with horror that three-quarters of the residents of their city were housed in tenements and that in those tenements rents were substantially higher than in better sections of the city. In his book Riis gave a full and detailed picture of what life in those slums was like, how the slums were created, how and why they remained as they were, who was forced to live there, and offered suggestions for easing the lot of the poor.
