The largest settlement from what has been dubbed the Leopard's Kopje culture is known as the K2 culture and was the immediate predecessor to the settlement of Mapungubwe. The people of the K2 culture, probably derived from the ancestors of the Shona people of southern Africa, was attracted to the Shashi-Limpopo area, likely because it provided mixed agricultural possibilities.

Kingdom of Mapungubwe - Wikipedia

Gold objects at Mapungubwe are the first known indicators the metal had an intrinsic value of its own in southern Africa.

Mapungubwe - Ancient History Encyclopedia

Most of ivory bangles, wrist bands and ornaments in the collection were found at K2, and never in large numbers. Seemingly, the royals did not fancy ivory for themselves and most of it was sent to the coast. Although gold was only found on
