and there are separate sections for
recipes and childrens' textbooks. You can
download any page as a PDF using a link
provided in the left-hand menu, but
unfortunately there's no support for
other formats. There's also Collection
Creator - a handy tool that lets you
collate several pages, organize them,
and export them together (again, in PDF
format). It's a nice feature that enables
you to customize your reading material,

designed for readers who want
printouts. The easiest way to read
Wikibooks is simply to open them in your
